Portfolio

Education

Smt. Kashibai Navale College Of Engineering

Bachelor in Engineering(CS)

July 2026

Pune, Maharashtra

A's Steward Morris School

Class- 12th

May 2021

Bhilwara, Rajasthan

A's Steward Morris School

Class- 10th

May 2019

Bhilwara, Rajasthan

Technical Skills

Languages: C, C++, Python, Java, HTML/CSS, JavaScript, MySQL

Frameworks/Databases: Node.js, React.js, Express.js, MongoDB

Core Subjects: OOP, DSA, DBMS, Front-End Development, Generative AI, Artificial Intelligence and Machine Learning

Training / Internship

Internship Studio

July 2024

Full Stack Website Design And Development

Built an E-commerce website using HTML, CSS, JavaScript, React.js.

Projects

MAR.io [link](#)

- Built an interactive Mario-style browser game with smooth movement, collision detection, and responsive animations using HTML, CSS and JavaScript.
- Developed a secure Node.js + Express + MongoDB backend for JWT authentication, score saving, and high-score tracking.
- Created a Profile page and Leaderboard dashboard enabling users to view personal best scores and compare rankings with other players.

AI Research Assistant

- Developed a Generative AI-powered research assistant that enables users to upload research papers and ask questions using Retrieval-Augmented Generation (RAG).
- Implemented document parsing, text chunking, embeddings, and semantic search to retrieve relevant context and generate grounded LLM responses.

Doctor Appointment System [link](#)

- Created a full-flow appointment management platform allowing patients to book appointments and doctors to manage schedules.
- Implemented secure authentication and user dashboards to streamline the booking and consultation process.

Certificates

Programming with C and C++ | Internshala

April 2023

Web Development | Udemy

November 2024

Structured Query Language | Udemy

April 2025

Soft Skills

- Leadership
- Time Management
- Communication
- Problem-Solving

Extracurricular

Association Of Computer Engineers - ACE

July 2024

Head — Digital Marketing Team

Association Of Computer Engineers - ACE

August 2023

Co-Head — Digital Marketing Team
